[Why Do Car Drivers Become Electrostatically Charged](#)

## How to apply your L-plates

- Ensure glass is clean and dry
- Remove backing from L-plate and gently smooth onto window

### If you're driving a car, van or ute, your L plates:

- Must be displayed on both the front and rear of the vehicle
- Must be displayed where it is clearly visible to other road users
- Must not restrict your front or rear vision

### Conditions for learner drivers

- You must carry your learner licence with you and produce it, without delay, if asked by a police officer.
- You must be accompanied, in the front passenger seat, by someone who currently holds (and has held for at least two years) a full car licence.
- You must display L-plates on your vehicle (including cars, motorbikes, mopeds or all-terrain vehicles). L-plates must be displayed on both the front and rear of Class 1 vehicles (e.g. cars, vans, utes).
- You should not drink any alcohol before driving (refer to the Road Code for full details).

**NOTE:** Do not obscure the L-plate behind any other stickers on the window.

Do not cover the registration sticker on the front windscreen with the L-plate.
